From a childhood in Sri Lanka to instructing residents at Harvard Medical School, Dr. Bandara has traveled a long and fascinating road to SMMC. His interest in medicine grew from witnessing the pain and suffering in his home country. His passion is now focused on creating a center of excellence for patients suffering from chronic obstructive pulmonary disease (COPD) and other lung diseases at SMMC. Dr. Bandara specializes in the treatment of COPD and asthma. Now that he has brought his expertise to SMMC, we can all breathe easier.

We are pleased to welcome Dr. Bandara to the SMMC family.

For more information about all of SMMC's Pulmonologists visit [smmc.org](http://smmc.org).  
To refer patients to Dr. Bandara, call **283-6408**.
